

## IN MEMORIAM

---

### **Arnold R. Haugen, MD, 1929-2008**

ARNOLD R. HAUGEN, MD, pathologist for many years with the Permanente Medical Group in Sacramento, died on July 31, 2008.

Arnold was born in Tacoma, Washington, on September 16, 1929. He graduated from Puyallup High School, where he was a track star, and pursued pre-med studies at the University of Washington.

He graduated from the University of Chicago Medical School in 1954. After completing a pathology residency with the United States Public Health Service, he practiced pathology in Southern California for nine years.

In 1971 he joined the Pathology Department at the Kaiser Medical Center on Morse Avenue. Dr. Haugen's opinion as a consultant in difficult cases was widely sought and highly valued. He retired from Kaiser after 23 years of service.

Arnold's personal life was dominated by his devotion to his wife and family. Arnie and Shirley were high school sweethearts and were married for 56 years. They had six children, three daughters and three sons, 21 grandchildren and 10 great-grandchildren. All of them attended a memorial service held in Puyallup, Washington.

Arnie encouraged all his children to participate in hiking and camping, bicycling, tennis and board games. There was no television in the house except for a rental set for watching bowl games around the holidays. Dr. and Mrs. Haugen financed more than 70 years worth of higher education for their offspring.

The cause of death was pneumonia following several years of complications from heart valve surgery.
